- 1. Call To Order:** Deputy Chief Neal Aspesi
 - a. Introductions
- 2. Minutes of April 29th 2025**
 - a. Vote to accept Minutes
- 3. Financial**
- 4. Chair report:** Deputy Chief Neal Aspesi
- 5. Project Status:**
 - a. **Completed Projects:**
 - b. **Project Updates:**
 - i. ALERRT AAIR
 1. AAIR Course Deliveries (FFY21 E.08)
 - a. Discussion/ Possible Vote
 2. Western Worcester ASHER Training (FFY22 E.01)
 - a. Discussion/ Vote
 3. ASHER Training- ALERRT AAIR (FFY24 D.01)
 - a. Discussion/ Vote
 - ii. Other training project updates
 1. Possible vote
 - c. **Old Business:**
 - i. FD7 Dive – Underwater Vehicle Extrication Training (FFY21 D.05)
 - ii. Swiftwater 1 & 2 Train the Trainer (FFY22 D.02)
 - iii. D7 Rapid Search and Rescue Training (FFY22 D.07)
 - iv. Medical Specialist Training (FFY23 C.02)
 - v. TECC (FFY23 C.03)
 - vi. Last Seen Point (FFY23 D.01)
 - vii. Swiftwater Training NYS (FFY23 D.02)
 - viii. Advanced Structural Shoring (FFY23 D.05)
 1. Discussion/ Vote
 - ix. CEMLEC Special Operations Training & Exercise (FFY23 E.03)
 - x. Aggressive Incident Command (FFY23 G.01)
 - xi. All-Hazard Incident management trainings (FFY23)

1. Division group supervisor (G.02)
 2. Liaison Officer (G.03)
 3. Strike Team/Task Force Leader (G.04)
- xii. Other projects
1. Possible vote

d. **New Business:**

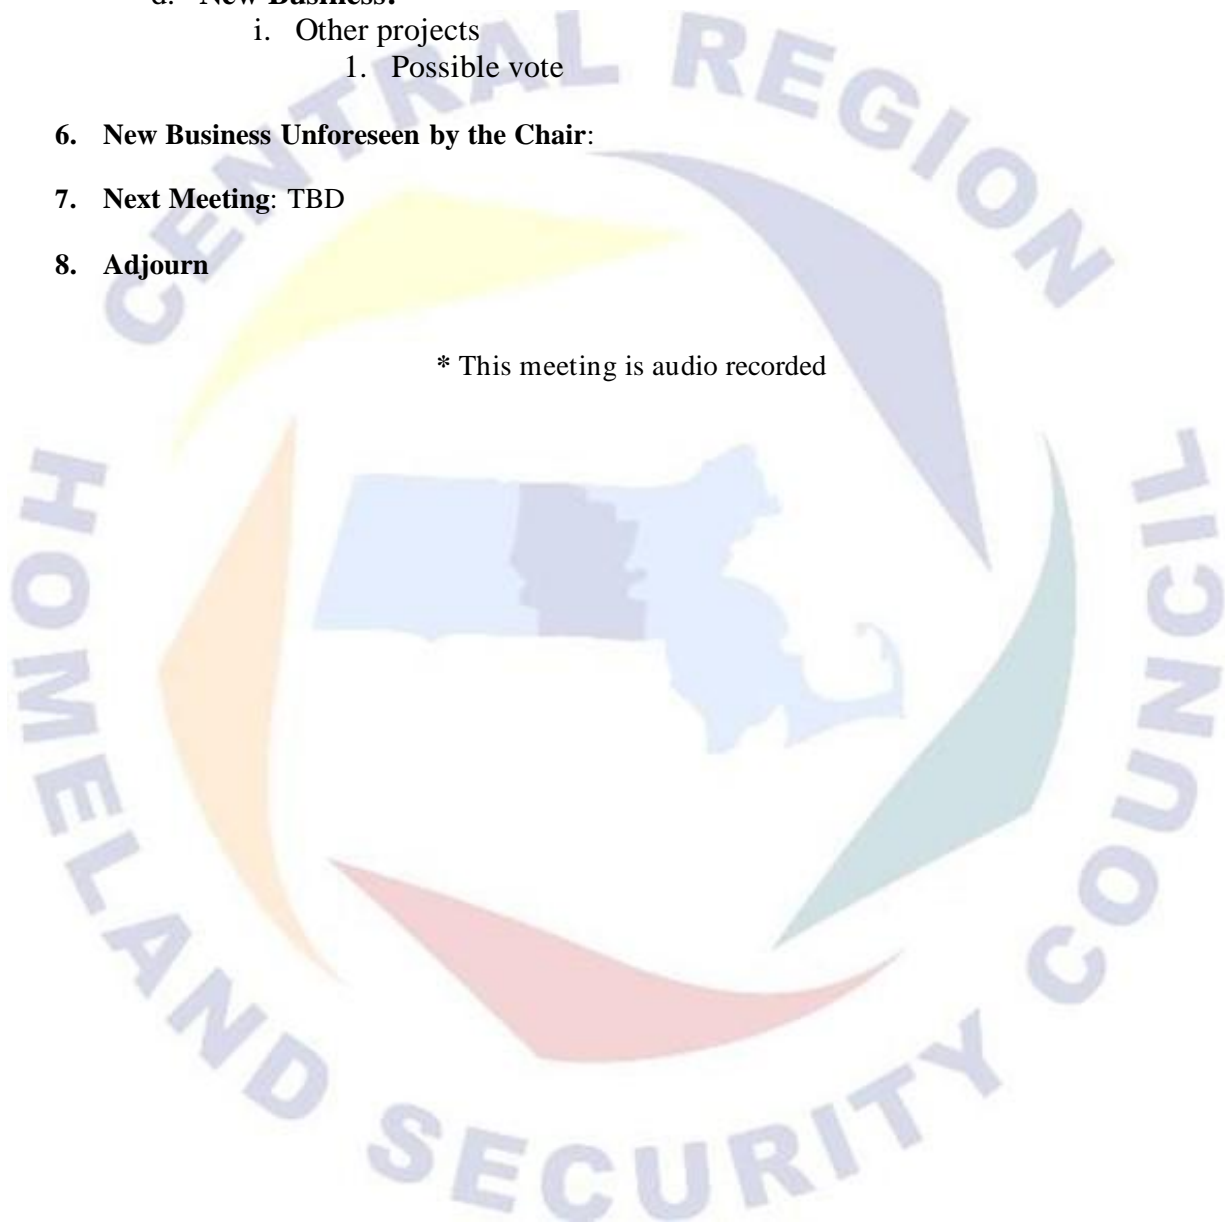

- i. Other projects
1. Possible vote

6. **New Business Unforeseen by the Chair:**

7. **Next Meeting:** TBD

8. **Adjourn**

* This meeting is audio recorded

Minutes
CRHSAC Training Subcommittee Agenda (HYBRID)
Tuesday, April 29, 2025
2:15 p.m.

CMEMSC 361 Holden St. Holden, MA 01520

Members Present: **Dean Kochanowski**, Fire Chief, Dudley Fire; **Neal Aspesi**, Deputy Chief, Northborough Fire; **Tina Dixon**, Central MA EMS Corp.; **Michael Shaw**, Chief, Webster Police; **Gary Fleischer**, Chief, Worcester Fire

Attendees: **Carli Harris**, CMRPC; **Anthony Senesi**, CMRPC

Call To Order: **Deputy Chief Aspesi called the meeting to order at 2:15 p.m.**

Introductions: Held until Full Council Meeting.

Minutes: **Ms. Dixon** made a motion to accept the minutes of April 1, 2025, seconded by **Chief Kochanowski**. **Motion passed unanimously following a roll call vote.**

Financials: Tabled until Full Council Meeting.

Chair Report: Deputy Chief Aspesi, none.

Project Status: Ms. Harris gave the updates.

Completed projects: None.

Project Updates:

1. ALERTT AAIR

Ms. Harris says that reimbursements are being processed. Ms. Harris stated that NERAC covered the majority of the Town of Hudson's reimbursement for a CRHSAC-managed training.

2. Other training project updates

None.

Old Business: Ms. Harris gave the updates.

1. FD7 Dive – Underwater Vehicle Extrication Training

Ms. Harris stated the training is scheduled for July.

2. Advanced Structural Shoring

Ms. Harris stated that she is working with the point of contact for more information.

3. CEMLEC Special Operations Training & Exercise

Ms. Harris sent the information to EOPSS for approval. Ms. Harris is awaiting to hear back from EOPSS.

4. TECC

Ms. Harris is working on the final scope and is answering questions MAPC had.

5. Aggressive Incident Command

Ms. Harris said the specs will be sent to EOPSS soon.

6. All-Hazard Incident Management Trainings

Ms. Harris said that she is having a meeting with the chosen vendor. Ms. Harris said the vendor wants to determine expectations and scheduling at the upcoming meeting with her.

- i. Division group supervisor
- ii. Liaison Officer
- iii. Strike Team/Task Force Leader

7. Last Seen Point

Ms. Harris stated that she is working with MAPC regarding training details.

8. Swiftwater Rescue 1&2 Train-the-Trainer

Ms. Harris said that the training is scheduled for June.

9. D7 Rapid Search & Rescue Training

Ms. Harris said that she is working on the specs. Ms. Harris said the training may be moved to FFY23 because she spoke with a vendor that stated that they may need a longer turnaround time to prepare for the training.

10. Project 1 (FFY21 G.01)

Ms. Harris said that due to FFY21 closing on June 30, 2025, she requests that the Council unallocate \$100,000 of unused backfill and overtime funds. Ms. Harris said that overall, FFY21 is overallocated, meaning this would not affect the budget. **Chief Kochanowski made a motion to unallocate \$100,000 from FFY21 G.01, seconded by Chief Shaw. Motion passed unanimously following a roll call vote.**

New Business: None.

New Business Unforeseen by the Chair:

Next Meeting: TBD

Adjourn: **Chief Kochanowski motioned to adjourn the meeting, seconded by Ms. Dixon. Motion to adjourn passes unanimously following a roll call vote. Meeting adjourned at 2:22 p.m.**

Minutes taken by Anthony Senesi.

Approved by the Council on _____.

Training Review Request (TRR)

This form must be completed and approved by EOPSS before a federal homeland security grant-funded training may occur. Before selecting a training or training provider keep the following in mind:

1. You must first consider available DHS-funded and state-provided trainings before seeking to hire an outside provider. DHS-funded courses are those offered by DHS/FEMA (i.e., Office of Bombing Prevention), the Emergency Management Institute, and providers associated with the National Domestic Preparedness Consortium and Rural Domestic Preparedness Consortium. More information on DHS-funded trainings is at www.firstrespondertraining.gov and www.dhs.gov/bombing-prevention-training.
2. An outside provider must meet any national standards and qualifications for both the course and trainers.
3. For SHSP-funded homeland security region sub-recipients, this form must be sent to your EOPSS Program Coordinator within one week following the council's vote to approve the training. For all other sub-recipients, this form must be sent in at least 30 days prior to the training (additional time recommended for DHS-funded courses).
4. Review the current version of the *Guidance for Using Federal Homeland Security Funds for Trainings and Exercises* at www.mass.gov/eopss/funding-and-training/homeland-sec/grants/hs-grant-guidance-and-policies.html.

Please provide the information requested below.

Date Form Submitted	05-06-2024
Sub-Recipient Name and its POC and e-mail	Jonathan Martin jmartin@town.auburn.ma.us 774-696-6620
FFY & Grant Program of Funding, and PJ # if applicable	TRR23-D.05
Date of Council or JPOC approval, if applicable	
Course Title & DHS course ID if applicable *	Advanced Interior Structural Collapse Training

Briefly Describe Course Purpose and Regional Need(s) - Documented Gap(s) Bring Addressed	This course builds off the previously sponsored Structural Collapse Technician program. This course would enhance the knowledge/abilities of the technical rescue teams to respond to more complex incidents that arise from natural or terrorist acts. These shoring techniques would allow more complex structures to be shored safely for rescue operations as well as investigation purposes given an act of terror.
Level of Training (awareness, performance, management, planning, conference)	Performance
Primary DHS National Preparedness Goal Mission Area	Response
Primary DHS National Preparedness Core Capability	Mass Search and Rescue Operations
State or UASI Homeland Security Strategy Implementation Step (i.e., 5.9.1)	Objective 6.4 - Build and maintain specialty response team capabilities to augment emergency response efforts, such as Incident Management Teams (IMT) and technical rescue teams.
Training Course in Sub-Recipient's MYTEP? (If yes, provide page #. If no, why is the new training necessary?)	Yes, 9
Training Provider Name * If an outside provider, were available DHS-funded and state-provided trainings considered? X YES <input type="checkbox"/> NO	Spec Rescue International
Course Date(s) *	TBD
Disciplines of Participants *	USAR Structural Collapse Technicians

Attach Training Brochure or provide Web Address (<u>not</u> the course curriculum) *	
An Environmental and Historical Preservation (EHP) Screening Form may need to be submitted to EOPSS for DHS review and approval <u>before</u> a training can be conducted. Review the training description and EHP Guidance, in particular FEMA Policy 108-023-1. Then indicate if an EHP review is necessary, supporting a 'no' decision with a specific justification statement.	TBD

* This information can be an estimation, with an update provided later on to EOPSS.

TRR Budget

ITEM	AMOUNT
Instructor/Consultant Cost(s)	\$63,445.00
Estimated First Responder Backfill (BF) / Overtime (OT) Cost(s) (Please list by discipline.)	
Facility Rental Cost(s)	
Supply Cost(s) (Specify and provide AELs as applicable.)	
Food Cost(s) (Only allowable for events 5 hours or longer; agenda and sign-in sheet required for reimbursement.)	
Other Costs (Specify and provide AELs as applicable. Include travel costs here.)	
TOTAL	\$63,445.00

Spec Rescue International (SRI): Company Overview

Founded in 1994 and based in Virginia, Spec Rescue International (SRI) is a specialized small business dedicated to delivering advanced training, exercise facilitation, and consulting services in technical rescue, emergency management, and disaster response. Serving both government and commercial sectors, SRI tailors its solutions to meet precise operational and safety requirements while adhering to leading industry standards such as NFPA, OSHA, ANSI, and HSEEP.

Core Services

1. Training and Instruction

SRI provides a comprehensive range of training courses designed for local, state, regional, and federal response teams, including specialized programs for the Department of Defense (DoD). All training offerings are NFPA and OSHA-compliant, and many are formally certified by FEMA and Pro-Board/IFSAC. Courses cover a broad spectrum of rescue disciplines including technical rescue, hazardous materials response, urban search and rescue, among others, and are led by a cadre of certified instructors with extensive real-world experience.

2. Exercise Design, Planning, and Support

Expertise in emergency management planning is a cornerstone of SRI's service offering. The company designs and facilitates exercises based on the DHS/FEMA Exercise Evaluation Program (HSEEP). Past engagements include high-profile events such as the National Level Exercise 2011 (NLE-11) with DHS/FEMA and the Indiana Department of Homeland Security, state-level exercises with agencies like the Georgia Emergency Management Agency (GEMA) and the Civil Support Team (CST), and full-scale exercises for units such as the Marine Chemical Biological Incident Response Force (CBIRF).

3. Training Site Development

Specializing in creating custom training environments, SRI has developed dedicated facilities for technical rescue and emergency services. Notable projects include the technical rescue training site for the US Air Force at their San Angelo, Texas Academy, as well as sites for other federal agencies like DHS/FEMA for TOPOFF III. SRI's expertise extends to military installations, where they provide oversight and site development services tailored to operational needs.

4. Curriculum Development

SRI plays an active role in shaping training curricula at all governmental levels. Their experts contribute to national and international training initiatives—including FEMA's Urban Search & Rescue program—to ensure that educational materials evolve alongside operational requirements. The company's involvement in developing guidelines and best practices underscores its commitment to advancing emergency response capabilities.

5. Consulting Services

Beyond training and site development, SRI offers consulting services to evaluate and enhance the readiness of emergency response teams. By working with programs like FEMA's Urban Search & Rescue Readiness Assessment Program (RAP) and providing expert evaluations during operational exercises, SRI serves as a trusted advisor in assessing both operational and logistical preparedness.

Personnel and Expertise

SRI's team comprises highly experienced professionals drawn from fire and rescue services, law enforcement, emergency management, and technical rescue. Their real-world experience spans significant disaster response efforts, including:

- The Oklahoma City Federal Building bombing
- The World Trade Center bombing
- The 2010 Haiti earthquake
- The Surfside condominium collapse
- Numerous hurricane and flood recovery operations (including responses to Katrina, Sandy, Ida, Ian, Helene, Milton, among others)
- Wildfires in Hawaii, Oregon

Many team members are also active participants on technical committees for organizations like the National Fire Protection Association (NFPA), contributing to the development of standards in technical rescue training, structural collapse, rope systems, and special operations protective clothing.

Committees and Memberships

SRI's professionals are actively involved in shaping national and international standards through participation in several key technical and professional committees, including:

- NFPA Technical Committees (1670, 1470, 1983, and 1951)
- DHS/FEMA Urban Search & Rescue Advisory Organization
- Various DHS/FEMA program rewrite committees (SCS, HERS, Safety, TSS, etc.)

Conclusion

With over three decades of expertise and a highly skilled team, Spec Rescue International stands as a leader in emergency management, technical rescue, and disaster response training. Their unwavering commitment to safety, strict adherence to industry standards, and proven operational excellence make SRI a trusted partner for government agencies, military services, and commercial clients alike.

Spec. Rescue International

**High Performance Technical Rescue
Training, Consultation and Equipment**

To: Johnathan Martin
Lt./Paramedic-Group 4
Auburn Fire Rescue
Coordinator-D7 Technical Rescue

Thank you for the opportunity to submit our proposal for Technical Rescue Training. Spec Rescue International (SRI) is a leading provider of advanced training solutions, specializing in both technical and logistical support. With decades of real-world operational experience, we offer a wide range of customized training programs tailored to the specific needs of government and commercial clients.

Our team is committed to delivering top-tier service, combining innovative course designs, effective teaching methodologies, and an extensive equipment cache to ensure every client receives the highest quality training. At SRI, we understand that every organization has unique requirements, and we partner closely with our clients to address those challenges and deliver real-world, actionable results.

Key Highlights of SRI's Capabilities:

- **Custom Training Solutions:** We create specialized programs for tactical operations, logistics support, and operational exercises, designed to enhance readiness and operational excellence.
- **Experienced Instructors:** Our instructors bring decades of hands-on experience in diverse and complex environments, ensuring a practical and engaging learning experience.
- **High-Quality Equipment:** SRI provides a robust inventory of the latest training tools and equipment, ensuring that exercises replicate real-world conditions and enhance skill development.
- **Cost-Effective Strategies:** We are committed to collaborating with your team to reduce costs while maintaining the highest standards of performance and outcomes.

SRI values our partnerships with clients and aims to build long-term relationships based on trust and results. We are dedicated to helping your team achieve excellence, operational readiness, and superior performance in technical rescue scenarios.

***High Performance Technical Rescue
Training, Consultation and Equipment***

Medical Specialist Course Description

The Instructor-Led Training (ILT) component of the Medical Team Specialist course is designed to provide Urban Search and Rescue (US&R) Task Force personnel with the knowledge, skills, and abilities necessary to perform medical functions for a US&R team during a disaster or planned event. Participants will learn to navigate the operational aspects and organizational issues that affect their ability to practice medicine. Upon completion of the ILT component, participants will be able to successfully perform the position of Medical Team Specialist or Medical Team Manager on a US&R team.

This course is 46 hours of face-to-face training. Prior to attending this face-to-face training course, students must successfully complete the computer-Based Training (CBT) Medical Team Specialist course (Course Code: 9P3130) which is approximately 13 hours.

Advanced Shoring (50 hours)

This course is designed to provide you with the knowledge, skills, and abilities to conduct advanced interior and exterior shoring operations at large-scale structural collapse incidents. You will expand your shoring knowledge learned in the 80-hour Structural Collapse Technician course by constructing large and complex interior and exterior shoring systems in at your location. Site to be approved by vendor.

The skills learned in this course are applicable at structural collapses involving multi-story, reinforced structures such as office buildings and large apartment complexes.

Program includes 4 rounds of shoring stations over 5 days with shoring review day 1 morning

- **Round 1**
 - Double Solid sole Raker / Double Split Sole Raker / 16ft Laced Post / Dbl. Paratech / Raker
- **Round 2**
 - 2 Story Solid and Split Sole Raker w/lumber splicing, 6x6 Laced Post, 6x6 1-story Raker
- **Round 3**
 - Tie-Backs / Confined Space Shoring / Sloped Floor (dual slope) wood / Multi Level Shoring
- **Round 4**
 - Shoring an Arc / 6x6 Notched Cribbing / Sloped Floor (dual slope) Paratech / Round Table Review
